

The Teachings of the White Drum Mesa

*“When we weave
the dream together, and
the more we appreciate
the dance of the cells that make
our bodies, the earth, the stars,
and the light itself,
the clearer it is that
we have never been
separated from that
original state of one light.”*

The Teachings of the White Drum Mesa

Welcome to the Mystic Garden of the South East

Deepen your Journey or Enter for the First Time...

"Come and walk the beauty path of the South East direction. Engage with the Power and Possibilities of your Own Indigenous Spirit so that you can be a more active agent for the good, the strong and the beautiful in this world."

In the Mystic Garden of the South East, we will summon the complimentary energies of the space "in-between" the worlds of the East and South Sacred Directions. Our weekend includes engaging in core shamanic practices and the mystical medicine of the Ancients to heal the effects of our collective wound of separation.

The teachings invite all levels of student—no matter where you are on your journey—to be part of the Universal Teachings of Light.

We will re-connect with the primordial energy of the life force that is held in the serpentine energy of our DNA and the energy of the Rainbow Amaru Sky Serpent and fly with the evolutionary vision of the Emerald Eagle.

We awaken/ increase the Power and Possibilities of your OWN Indigenous Spirit as you are reclaimed in the mystical realm of EDEN.

We will learn to grow and work with the Green Medicine of Pachamama (Mother Earth).

We will engage in ceremonies and processes of communion and reciprocity with the sacred realms of Nature Spirits for the purpose of healing the Whole.

We will be growing our rhythmic heart connection and vision through alters of stones. Participants will receive White Mesa Rites of the South East and Passionate Life Fire Ceremonies.

We invite and welcome you to our circle...
